CAREER SUMMARY

- Cybersecurity professional with 4+ years of experience in Vulnerability Assessment and Penetration Testing (VAPT) across web, mobile (Android/iOS), and API environments. Proven track record of identifying and reporting 700+ vulnerabilities, including critical issues such as Remote Code Execution (RCE) and Privilege Escalation.
- Experienced in managing end-to-end information security operations, including WAF, SIEM, EDR, and cloud security. Skilled in secure SDLC, threat detection, risk assessment, and third-party security evaluations. Strong expertise in tools such as Burp Suite, Nmap, Wazuh, Cloudflare, and SentinelOne, with hands-on experience in ISO 27001 and GDPR compliance.
- Prioritized vulnerabilities using CVSS scoring and risk-based remediation. Reduced critical and high vulnerabilities through proactive remediation and secure coding initiatives

EXPERIENCE

TeamLease RegTech Pvt. Ltd. - Penetration Tester | May 2024 – Present

- Led end-to-end information security operations as a sole information security resource across the organization.
- Performed VAPT on web, mobile (Android/iOS), and API applications aligned with OWASP Top 10 standards.
- Identified and reported 86 Critical and 194 High vulnerabilities, improving overall security posture.
- Managed and operated Cloudflare WAF, SentinelOne EDR/CSPM, Wazuh SIEM, and DefectDojo for vulnerability management.
- Deployed and configured Wazuh SIEM (Docker-based) with VirusTotal integration for enhanced threat detection.
- Implemented and managed secure remote access solutions using JumpServer and OpenRport.
- Strengthened application security by implementing SAST/DAST tools including SonarQube, SonarCloud, Snyk, and CodeAnt.ai.
- Conducted phishing simulation campaigns using GoPhish and Evilginx to improve organizational security awareness.
- Completed and managed 300+ Third-Party Risk Management (TPRM) assessments, ensuring client compliance.
- Led secure coding training sessions and cross-functional security discussions with development and management teams.
- Acted as primary liaison for external VAPT engagements, including vulnerability validation and remediation support.
- Evaluated WAF and DLP solutions, conducted vendor assessments, and contributed to security tool adoption strategies.
- Managed cloud infrastructure security and server deployments in Microsoft Azure.

Softude Infotech Pvt. Ltd. - Cyber Security Analyst | September 2022 – May 2024

- Managed information security operations and conducted VAPT for web, mobile, and API applications.
- Designed and automated secure data backup, encryption, and cloud transfer processes using Python and AWS services.
- Performed phishing simulation campaigns using GoPhish to enhance employee awareness.
- Acted as primary point of contact for external VAPT engagements, including retesting and remediation validation.
- Participated in ISO 27001 audits and ensured alignment with GDPR requirements.
- Led secure coding training sessions and cross-functional security discussions with development and management teams.

Collexa Technologies Pvt. Ltd. - Java Developer Intern | August 2021 – November 2021

- Developed Java-based applications using Object-Oriented Programming (OOP) principles such as inheritance, encapsulation, polymorphism, and abstraction
- Designed and implemented core Data Structures and Algorithms (DSA) including arrays, linked lists, stacks, queues, and sorting/searching algorithms
- Developed a Library Management System applying OOP concepts with modular class design and exception handling
- Implemented algorithmic problem-solving solutions (sorting, recursion) to improve code efficiency.

TECHNICAL SKILLS

- Vulnerability Assessment and Penetration Testing (VAPT) – Web, Mobile, API
- OWASP Top 10, API Security
- Source Code Review (SAST/DAST)
- Secure Software Development Lifecycle (Secure SDLC)
- ISO 27001, GDPR, HIPAA Compliance
- Cloud Security (Microsoft Azure, Google Cloud Platform and AWS)
- Web Application Security & Network Security
- Threat Analysis & Risk Assessment
- Firewall & WAF Management (Cloudflare)
- Scripting & Automation (Python, Java)
- Database Security (MySQL)
- Security Awareness & Cybersecurity Training

COMMUNICATION SKILLS

- Skilled in cross-functional collaboration between security, development, and management teams.
- Proficient in translating complex cybersecurity findings into clear, actionable insights for technical and non-technical audiences.
- Experienced in preparing detailed vulnerability reports, executive summaries, and security presentations.
- Led internal security meetings and secure coding training sessions to drive security awareness and best practices.
- Adept at client communication, requirement gathering, and providing remediation guidance aligned with business goals.
- Strong in stakeholder management, aligning project timelines, security priorities, and technical expectations.

SECURITY TOOLS

- Web & API Security: Burp Suite, SQLMap, Nuclei, HTTPx
- Network & Infrastructure: Nmap, Nessus, Wireshark
- Exploitation & Post-Exploitation: Metasploit Framework, WinPEAS, AccessChk
- Mobile Security: MobSF (Mobile Security Framework), Frida, Objection
- AI Security Tools: HexStrike.ai, Codeant.ai, Venice AI,
- Reconnaissance & OSINT: Subfinder, Amass, CloudBrute
- DevOps & Utilities: Docker, Git

SECURITY PLATFORMS

- Wazuh (SIEM)
- Cloudflare (WAF)
- SentinelOne (EDR, CSPM)
- DefectDojo (Vulnerability Management)
- SonarQube / SonarCloud (SAST)
- Snyk / CodeAnt.ai (SCA)
- JumpServer (Privileged Access Management)

EDUCATION

- **Bachelor of Technology in Computer Science and Engineering.**
ADINA Institute of Science and Technology | June 2018 - May 2022
- **Higher Secondary Education (PCM).**
Joy Campion Public School | May 2016 - May 2018

CERTIFICATIONS

- **Certified Ethical Hacker (CEH) – EC-Council**
Issued: Aug 2024 | Expires: Aug 2027
Credential ID: ECC1859370462
Skills: Penetration Testing, Vulnerability Assessment and Penetration Testing (VAPT), Ethical Hacking, Kali Linux
- **Certified Cloud Security Practitioner - AWS (CCSP-AWS)**
The SecOps Group | Issued May 2023
Credential ID: 7476871
- **Certified AppSec Practitioner (CAP)**
The SecOps Group | Issued February 2023
Credential ID: 7040395
- **Modern Log Fundamentals of Management Practices**
PURPLE ACADEMY | Issued August 2023
Credential ID: 64d480dfcb78e8279018f9

COMMUNICATION LANGUAGES

- **English:** Proficient
- **Hindi:** Proficient
